INDEPENDENT AUDITORS' REPORT
To the Shareholders of Sonali Bank PLC

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of Sonali Bank PLC and its subsidiaries (the "Group") as well as the separate financial statements of Sonali Bank PLC (the "Bank"), which comprise the consolidated and separate balance sheets as at 31 December 2025, and the consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity, and consolidated and separate statements of cash flows for the year then ended, and notes to the consolidated and separate financial statements, including a summary of material accounting policy information.

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2025, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with the Rules and Regulations issued by Bangladesh Bank and International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB), as explained in Note no. #2 to the financial statements.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with *the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards)*[IESBA Code], as applicable to audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Bangladesh. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

Without modifying our opinion, we draw attention to the following matters:

i. As disclosed in Note no. #2.01 and Note no. #2.02.04 to the financial statements, the Bank's management has explained the basis of preparation of the financial statements in compliance with the Rules and Regulations issued by Bangladesh Bank on classification of loans and advances and the required impairment provision.

ii. As disclosed in Note no. #13.4 and Note no. #18 to the financial statements, which disclose the Bank's recognition of provisions for tax exposures under IAS 12, in line with the directive of Bangladesh Bank, and the provisional recognition in equity relating to funded defined benefit plans pending actuarial valuation under IAS 19.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matter is provided in that context.

Description of key audit matters	Our response to key audit matters
1. Measurement of provision for loans and advances	
Refer to Note no. #13.01 to the consolidated and separate financial statements	
The process of estimating provisions for loans and advances is judgmental and complex due to the inherent uncertainty associated with credit risk. In estimating such provision, the management considered certain judgmental factors in accordance with the BRPD Circular No. 15 dated 27 November 2024 and related pronouncements, including: • Future business performance and prospects of the borrower; • Key assumptions relating to the ongoing and further business of the borrower; • Market value and the ability to repossess the underlying collateral; • Court stay order; • Jute and sugar sector clients; • Applicable government guarantees; and • Recovery rates. For collective analysis, these provisions involve voluminous databases, assumptions and complex calculations, much of which are processed manually. There is also an inherent risk of management bias, as there may be incentives to understate provisions to present stronger profitability. As at 31 December 2025, the Group reported total loans and advances of BDT 107,002.86 crore (2024: BDT 101,414.15 crore), and the Bank reported BDT 104,724.26 crore (2024: BDT 99,196.57 crore). Provisions maintained against loans and advances amounted to BDT 15,271.65 crore (2024: BDT 14,260.27 crore) for both the Group and the Bank. Given the materiality of these balances, the heightened regulatory scrutiny, the complexity of estimation and the	We tested the design and operating effectiveness of key controls focusing on the following: • Credit appraisal, loan disbursement procedures, monitoring and provisioning process; • Completeness of appropriate documentation before disbursement of loans and Advances as well as recording of credit facility balances. • Alternative procedures were applied to assess new sanctions/renewals of existing loans and advances where the latest audited financial statements of the borrower were not available. • Identification of loss events including early warning indicator and default warning indicators; • Review of quarterly Classification of Loans (CL). Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following: • Reviewed the adequacy of the Bank's general and specific provisions. • For the year 2025, classification and provision for loans and advances calculated and maintained under BRPD 29/2025, BRPD 7/2025, BRPD 13/2024, BRPD 15/2024, BRPD 14/2022, BRPD 16/2022, BRPD 51/2022, BRPD 51/2021, BRPD 17/2020, BRPD 21/2025 and Policy Support Letter issued by Bangladesh Bank and classifications for loans disbursed to borrowers of sugur sectors and under stay orders of the Honourable High Court Division of the

significant judgment required, we identified the measurement of provisions for loans and advances as a Key Audit Matter.	Supreme Court of Bangladesh have been maintained as unclassified, in line with Bangladesh Bank instructions. • Assessed the methodologies used to determine the provision amounts, recalculated the provisions and tested the completeness and accuracy of the underlying data; • Compared the amount of provision requirement as determined by Bangladesh bank inspection team to the actual amount of provision maintained. • Finally, we assessed the appropriateness of recognition and adequacy of disclosures against relevant accounting standards and Bangladesh Bank guidelines. For the year ended 31 December 2025, the Bank maintained the required provisions in accordance with Bangladesh Bank letters BSD-1(wing-1)/1509/2026-304 dated 28 April 2026 and BSD-1(wing-1)/1509/2026-309 dated 29 April 2026.
2. Recognition of interest income from loans and advances	
Refer to Note no. #21 and Note no. #21.01 to the consolidated and separate financial statements	
The recognition and measurement of interest income from loans and advances involve a complex IT environment and require significant estimates and judgment. Interest income is a key performance indicator of the Bank and the Group, and represents one of the most material items in the financial statements. Its recognition is directly linked to loan classification under Bangladesh Bank regulations, including suspension of interest on non-performing loans. Given the materiality of these balances, the complexity of the IT systems, the judgment involved in loan classification and the inherent risk of fraud or error, we identified the recognition of interest income from loans and advances as a Key Audit Matter. As at 31 December 2025, the Group and the Bank reported total interest income from loans and advances of BDT 6,641.13crore and BDT 6,631.15 crore respectively (2024: BDT 6,761.29 crore and BDT 6,749.77 crore respectively).	We tested the design and operating effectiveness of key controls over the recognition and measurement of interest income from loans and advances. We performed tests of operating effectiveness on automated controls in place to calculate, accrue, suspend and recognize interest income. Additionally, we performed substantive procedures to verify that interest income was recognized completely and accurately, including recalculation on a sample basis and reconciliation of system outputs with the general ledger. Moreover, we assessed the appropriateness and adequacy of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

M. Karim

3. Loans and advances	
Refer to Note no. #7 to the consolidated and separate financial statements	
Loans and advances are the primary asset in the Bank's financial statements. The Bank's interest income is mainly derived from its portfolio of loans and advances and management performance is significantly influenced by the achievement of loan and advance targets. Disbursement of loans and advances requires robust documentation and approval from an appropriate level of authority. We identified loans and advances as a Key Audit Matter because of the inherent risk of fraud and misstatement arising from disbursements made to meet specific targets or expectations. As at 31 December 2025 the Group and the Bank reported total loans and advances of BDT 107,002.86 crore and BDT 104,724.26 crore respectively (2024: BDT 101,414.15 crore and BDT 99,196.57 crore respectively).	We tested the design and operating effectiveness of key controls focusing on credit appraisal, disbursement procedures and monitoring processes relating to loans and advances. We performed procedures to assess whether the Bank ensured appropriate documentation in accordance with Bangladesh Bank regulations and the Bank's policies prior to the disbursement and extension of loan facilities. In addition, we performed procedures to verify that loans and advances were recorded completely and accurately and that they existed at the reporting date. Furthermore, we assessed the appropriateness of recognition and adequacy of disclosures against Bangladesh Bank guidelines and Bangladesh Bank letter no. BSD-1(wing-1)/1509/2026-304 dated 28 April 2026.
4. Impairment assessment of unquoted shares	
Refer to Note no. #6.02.01 to the consolidated and separate financial statements	
Impairment assessment of unquoted shares has been identified as a Key Audit Matter because, in the absence of quoted prices in an active market, the fair value of such investments is determined using valuation techniques that rely on direct or indirect unobservable market data. This requires significant judgment and assumptions, introduces elevated estimation uncertainty and increases the risk of misstatement or bias. The balances are material to the financial statements and the subjectivity involved in valuation makes this area particularly sensitive to error. As at 31 December 2025, the Group and the Bank reported unquoted shares of BDT 586.13 crore and BDT 586.13 crore respectively (2024: BDT 585.63 crore and BDT 585.63 crore respectively).	We assessed the process and controls put in place to ensure all major investment decisions were undertaken through a proper due diligence process. We tested a sample of investment valuations as at 31 December 2025, considered the appropriateness of valuation techniques applied and evaluated the reasonableness of key assumptions. We compared our results to the recorded values. Finally, we assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

M. Karim

5. Valuation of treasury bills and treasury bonds	
Refer to Note no. #6.01.01and Note no. #6.01.02 to the consolidated and separate financial statements	
Valuation of treasury bills and treasury bonds has been identified as a Key Audit Matter because their classification and measurement require significant judgment and involve complex estimates. In the absence of quoted prices in an active market, the fair value of treasury bills and treasury bonds is determined using valuation techniques that rely on direct or indirect unobservable market data and complex pricing models. This introduces elevated levels of judgment and assumption, increases estimation uncertainty and creates a heightened risk of misstatement. The balances are material to the financial statements and the complexity of valuation makes this area particularly sensitive to error. As at 31 December 2025, the Group and the Bank reported treasury bills and treasury bonds of BDT 84,385.10 crore and BDT 84,385.10 crore respectively (2024: BDT 82,380.99 crore and BDT 82,380.99 crore respectively).	We assessed the processes and controls put in place by the Group and the Bank to identify and confirm the existence of treasury bills and treasury bonds. We obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the valuation processes, including controls over market data inputs into valuation models, model governance and valuation adjustments. We tested a sample of the valuation models and the inputs used in those models, comparing them to available market data where possible. Finally, we assessed the appropriateness and adequacy of disclosures against relevant accounting standards and Bangladesh Bank guidelines.
6. Recognition of investment income	
Refer to Note no. #23 to the consolidated and separate financial statements	
Investment income is a material component of the Group's total operating income and arises from a diversified portfolio of government and other securities. We identified recognition of investment income as a Key Audit Matter due to the materiality of the related balances and the complexity involved in applying the relevant accounting policies for different classes of investments. The recognition, measurement and presentation of investment income require management judgment, particularly in relation to effective interest rate calculations, accrual of coupon income, amortization of premium/discount on debt securities, dividend recognition criteria and accounting for realized/unrealized gains or losses. As at 31 December 2025, the Group and the Bank reported gross investment income of BDT 9,799.29 crore and BDT 9,793.50 crore respectively (2024: BDT 6,414.62 crore and BDT 6,398.04 crore respectively).	We tested the design and operating effectiveness of key controls over recognition and measurement of income from investment. We have performed substantive procedures to test relevant controls, independently recalculating income on selected investments, verifying underlying investment documentation, reviewing amortization calculations, performing analytical review procedures and assessing related disclosures. We have assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

7. Measurement of provision for current and deferred tax	
Refer to Note no. #13.04, 9.08 and Note no.#9.08.01 to the consolidated and separate financial statements	
The measurement of provision for current and deferred tax has been identified as a Key Audit Matter because it is significant and complex, requiring judgment in interpreting Bangladesh tax laws, Bangladesh Bank guidelines and International Financial Reporting Standards (IFRS). Current tax provisions involve accurate computation of taxable income and reconciliation with statutory requirements. Deferred tax balances depend on management's assessment of the recoverability of deferred tax assets and the timing of reversal of temporary differences. A key complexity arises because Bangladesh Bank guidelines prescribe specific treatments for recognition of deferred tax on certain items, whereas IFRS requires recognition of deferred tax on all temporary differences unless specifically exempted. This creates a dual compliance challenge: ensuring provisions are consistent with Bangladesh Bank circulars while also meeting IFRS disclosure requirements. There is also a risk of management bias in estimating future profitability to support recognition of deferred tax assets. Frequent changes in tax laws and differences between accounting and tax treatments further increase complexity. At year end, the Group and the Bank reported current tax provision amounting to BDT 2,703.11 crore and BDT 2,697.25 crore respectively (2024: BDT 1,347.17 crore and BDT 1,342.54 crore respectively) and deferred tax assets amounting to BDT 3,534.63 crore and BDT 3,537.17 crore respectively (2024: BDT 3,070.97 crore and BDT 3,070.86 crore respectively). For the year, current tax expense for the Group and the Bank was BDT 1,355.98 crore and BDT 1,354.71 crore respectively (2024:	Our audit procedures addressed both current and deferred tax provisions, with specific focus on regulatory requirements and IFRS compliance. Specifically, we: • Tested the design and operating effectiveness of controls over tax computation and reporting; • Verified the accuracy of current tax provisions by recalculating taxable income and comparing with tax returns and supporting schedules; • Evaluated management's assessment of uncertain tax positions, including correspondence with tax authorities; • Assessed the recognition and recoverability of deferred tax assets by reviewing forecasts of future taxable profits and timing of reversal of temporary differences; • Tested the accuracy of deferred tax calculations, including the application of enacted tax rates and reconciliation of deferred tax balances; • Verified that deferred tax treatment complied with Bangladesh Bank guidelines for specified items and ensured IFRS disclosures adequately explained the differences; • Reviewed disclosures in the financial statements for compliance with both IFRS and Bangladesh Bank circulars; and • Considered the impact of recent changes in tax laws and regulatory pronouncements on current and deferred tax balances.

M. Karim

BDT 561.53 crore and BDT 559.30 crore respectively). Deferred tax income recognized in profit or loss for the Group and the Bank was BDT 462.61 crore and BDT 465.18 crore respectively (2024: BDT 1.21 crore and BDT 1.13 crore respectively).	
8. Carrying value of investments in subsidiaries and associates by the Bank	
Refer to Note no. #9.01 to the consolidated and separate financial statements	
The Bank has invested in equity shares of its subsidiaries, namely Sonali Exchange Co. Inc., USA, Sonali Investment Limited, Sonali Pay (UK) Limited, Sonali Bangladesh (UK) Limited and an associate, namely Sonali Intellect Limited. As at 31 December 2025, the carrying values of these investments in Sonali Exchange Co. Inc. USA BDT 11.62 crore (2024: BDT 11.4 crore), Sonali Investment Limited was BDT 200 crore (2024: BDT 200 crore), Sonali Bangladesh (UK) Limited was BDT 473.4 crore (2024: BDT 432.49 crore), Sonali Intellect Limited was BDT 2.63 crore (2024: BDT 2.63 crore) and Sonali Pay (UK) Limited was BDT 32.72 crore (2024: BDT 29.89 crore). The Bank is required to perform an impairment test of investment in subsidiaries when an impairment indication exists. The impairment testing is considered to be a Key Audit Matter due to the complexity and judgments required in determining the assumptions to be used to estimate the recoverable amount, which is higher of fair value less costs to sell and value in use. Management has conducted an impairment assessment and calculated the recoverable value of its subsidiaries for Sonali Exchange Co. Inc., USA, Sonali Investment Limited, Sonali Bangladesh (UK) Limited, Sonali Pay (UK) Limited and associate, namely Sonali Intellect Limited, in accordance with IAS 36: Impairment of Assets.	We have reviewed management's analysis of impairment assessment and recoverable value calculation of subsidiaries in accordance with IAS 36: Impairment of Assets. We assessed compliance with the investment recognition criteria under IAS 28: Investments in Associates and Joint Ventures and reviewed documentation, provided by the management, supporting the activities and investments of the associate company. In particular, our discussions with the Management were focused on the continued appropriateness of the value in use model, the key assumption used in the model and the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation.
9. Legal and regulatory matter	
We focused on this area because the Bank and its subsidiaries (the "Group") operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising	We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's key controls over the legal provisioning and contingencies assessment process.

M. Karim

from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict. These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities. Overall, the legal provision represents the Group's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial position.	We communicated with those charged with governance to obtain their view on the status of all significant litigation and regulatory matters. Additionally, we enquired of the Group's and the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports. We also received formal confirmations from external counsel. We assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information. We also assessed the Group's and the Bank's provisions and contingent liabilities disclosure.
10. IT systems and controls	
Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT-dependent manual controls. Our areas of audit focus included master data management, user access management and developer access to the production environment and changes to the IT environment. Among others, these are key to ensuring operating effectiveness of IT dependent application- based controls.	We tested the design and operating effectiveness of the Group's and the Bank's IT access controls over the information systems that are critical to financial reporting. We tested IT general controls (logical access, change management, and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized. We tested the Group and the Bank's periodic review of access rights. We inspected requests of changes to systems for appropriate approval and authorization. We considered the control environment relating to various interfaces, configurations, and other application layer controls identified as key to our audit. Where deficiencies were identified, we tested compensating controls or performed alternate procedures. In addition, we understood where relevant, changes were made to the IT landscape during the audit period and tested those changes that had a significant impact on financial reporting.

Other Matters

The consolidated and separate financial statements of the Group and the Bank for the year ended 31 December 2024 were audited by Hoda Vasi Chowdhury & Co., Chartered Accountants and Howladar Yunus & Co., Chartered Accountants who expressed an unmodified audit opinion on those financial statements on 27 May 2025.

Other Information

Management is responsible for the other information. The other information comprises all of the information included in the Annual Report other than the consolidated and separate financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation of consolidated and separate financial statements that give a true and fair view in accordance with Rules and Regulations issued by Bangladesh Bank and IFRS, issued by the IASB, as explained in Note no. #2 and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 (amended to date) and the Regulations of Bangladesh Bank require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

M. Karim

As part of an audit following ISAs, we exercise professional judgment and maintain professionals kepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the Group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances,

M. Karim

we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994(ammended to date), the Bank Company Act 1991 (amended to date), the Securities and Exchange Rules 2020, the Bank Company External Audit Rules, 2024, Bangladesh Bank letter no: BRPD-2(TASKFORCE)/748/3/2026-1115 dated 09 April 2026 and the Rules and Regulations issued by Bangladesh Bank, except if reported otherwise in communications with those charged with governance or the regulator on regulatory requirements and subject to materiality considerations, we also report that:

i. we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and made due verification thereof;

ii. in our opinion, proper books of account as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books;

iii. the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;

iv. the balance sheet and profit and loss account of the Bank dealt with by this report are in agreement with the books of account and returns;

v. the consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;

vi. adequate provisions have been made for loans and advances and other assets which are in our opinion, doubtful of recovery according to Bangladesh Bank letter no. BSD-1(wing-1)/1509/2026-304 dated 28 April 2026 and BSD-1(wing-1)/1509/2026-309 dated 29 April 2026;

vii. based on our sample basis verification, no loans or advances in excess of the limits determined by Bangladesh Bank from time to time has been sanctioned or allowed;

viii. to the extent noted during the course of our audit work performed on the basis stated under the Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements section in forming the above opinion on the consolidated financial statements and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls:

   (a) internal audit, internal control and risk management arrangements of the Group and the Bank as disclosed in the financial statements appeared to be materially adequate; and
   (b) any matters noted that were not aligned with management's stated responsibilities have been communicated to those charged with governance and to Bangladesh Bank in the tripartite meeting and are reflected in Bangladesh Bank's communications to the Bank (BSD-1(wing-1)/1509/2026-304 dated 28 April 2026 and BSD-1(wing-1)/1509/2026- 309 dated 29 April 2026), and are reflected in the financial statements, where applicable.

ix. as at 31 December 2025, the financial statements of the Bank have been prepared in certain respects in a manner that departs from applicable IFRSs as explained in Note no. #2 to the financial statements;

x. the financial statements of two subsidiaries of the Group, namely Sonali Bangladesh (UK)

Ltd. and Sonali Pay (UK) Limited and one associate namely Sonali intellect Ltd. have not been audited as at 31 December 2025. As a result, the Group's consolidated financial statements for the year ended 31 December 2025 have been prepared incorporating these unaudited financial statements;

xi. we have reviewed over 80% of the risk-weighted assets of the Bank, covering 60 branches as well as the Head Office and spent over 32,450 person-hours for the audit of the Bank;

xii. the observations raised by the auditors in the prior year have been duly acknowledged by the Board and management of the Bank, against which necessary corrective actions have been initiated; certain observations have been partially resolved as at 31 December 2025, while the remaining matters are currently in progress and are being addressed accordingly;

xiii. as at 31 December 2025, the Capital to Risk-weighted Asset Ratio (CRAR), Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR), as required by Bangladesh Bank, have been maintained adequately. However, the Leverage Ratio of 2.68%, as disclosed in Note no. #14.06.1 to the financial statements, fell short of the minimum requirement of 3.75% prescribed by Bangladesh Bank under BRPD Circular No.18 dated 18 August 2021;

xiv. in accordance with DOS Circular Letter No. 02 dated 16 August 2013, the Bank failed to maintain its capital market investment within the stipulated limit of 25% of its total capital, as assessed on solo basis;

xv. as at 31 December 2025, the maturity analysis reveals negative liquidity gap of BDT 7,663.18 crore in the 'Up to 1 Month' maturity bucket, BDT 3,452.14 crore in the '3–12 Months' maturity bucket and BDT 37,674.77 crore in the '1–5 Years' maturity bucket. However, the overall maturity profile reflects positive liquidity positions across the longer-term buckets; and

xvi. pursuant to BRPD Circular No. 22 dated 30 September 2021 and Section 33(7) of the Artha Rin Adalat Ain, 2003, the Bank failed to comply with the requirements regarding the timely acquisition and recognition of Non-Banking Assets (NBA).

2.00 Basis of preparation and significant accounting policies

2.01 Basis of preparation

The separate financial statements of the Bank as at and for the year ended 31 December 2025 comprise those of its domestic office/branches and two overseas branches, and the consolidated financial statements of the group comprise those of 'the Bank' (parent company) and its subsidiaries. Sonali Pay UK Limited received its authorization from the Financial Conduct Authority (FCA) on 15th June 2023. There were no significant changes in the nature of principal business activities of the Bank and the subsidiaries during the financial year.

2.02 Statement of Compliance

The financial statements have been prepared on a going concern basis following accrual basis of accounting in accordance with the "First Schedule (Section 38) of the Bank-Company Act, 1991 (amended to date) and BRPD circular no. 14 dated 25 June 2003, BRPD circular no. 15 dated 9 November 2009, other Bangladesh Bank Circulars, International Financial Reporting Standards (IFRSs) as adopted by the Financial Reporting Council (FRC) under the Financial Reporting Act (FRA), 2015, Financial Accounting Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions, Bahrain etc. The Bank also complied with the following regulatory and legal requirements:

i) The Bank-Company Act, 1991 (amended to date)
ii) The Companies Act, 1994
iii) Rules, regulations and circulars issued by the Bangladesh Bank from time to time
iv) Securities and Exchange Ordinance, 1969
v) Securities and Exchange Commission Rules, 2020
vi) Income Tax Act, 2023
vii) The Value Added Tax & Supplementary Duty Act, 2012
viii) The Value Added Tax & Supplementary Duty Rules, 2016
ix) Bangladesh Labor Act, 2006 (amended 2013) and Labor Rules, 2015
x) Financial Reporting Act, 2015; and
xi) Other applicable laws and regulations.

In case any requirement of the Bank-Company Act, 1991 (as amended up to date) and provisions and circulars issued by Bangladesh Bank differ with those of IFRSs as adopted, the requirements of the Bank-Company Act, 1991 (as amended up to date) and provisions and circulars issued by Bangladesh Bank shall prevail. Mentionable here that, IAS 1, paragraphs 19-22, states about departing from specific IFRS requirements, where compliance would conflict with the broader objective of financial reporting. As such, the Group and the Bank depart from some requirements of IFRSs in order to comply with the rules and regulations of Bangladesh Bank. These deviations from IFRS are disclosed below:

2.02.01 Presentation and Name of Financial Statements

IFRS: As per IAS 1 *Presentation of Financial Statements*, a complete set of financial statements comprises a statement of financial position, a statement of profit or loss and other comprehensive income, a statement of changes in equity, a statement of cash flows, notes comprising a summary of significant accounting policies and other explanatory information and comparative information. IAS 1 also states an entity to disclose assets and liabilities under current and non-current classification separately in its statement of financial position except when a presentation based on liquidity provides information that is reliable and more relevant.

Bangladesh Bank: A format of financial statements (i.e., balance sheet, profit and loss account, cash flow statement, statement of changes in equity, liquidity statement and notes) is prescribed in the "First Schedule" of Section 38 of the Bank-Company Act, 1991 (as amended up to date), BRPD Circular no. 14 dated 25 June 2003 and BRPD circular no. 15 dated 09 November 2009 of Bangladesh Bank. In the format, Assets and liabilities are presented mostly in decreasing order of liquidity.

2.02.02 Investment in shares, securities and mutual fund

IFRS: As per IFRS 9: *Financial instruments*, classification and measurement of investments in shares and securities will depend on how these are managed (the entity's business model) and on their contractual cash flow characteristics. Based on these factors it would generally fall either under at "fair value through profit or loss" or under "fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13) at the reporting date is taken to profit and loss account or other comprehensive income/revaluation reserve respectively.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003, investments in quoted and unquoted shares are revalued on the basis of year-end market price and last audited Net Assets Value (NAV) respectively. As per DOS circular no. 1 dated 24 May 2023,

- For listed/ quoted securities, difference between purchase price and last trade price has to be provisioned after netting off gain/loss of same type securities.
- For non-listed/unquoted equity share, provision depends on the difference between the investment and proportionate net worth.
- For non-convertible cumulative preference share or bond/debenture, provision is 25%, 50% & 100% after year 1, 2 & 3 for non-payment of preset interest/profit/dividend/coupon.
- For open-end mutual fund, provision depends on the difference between average purchase price and surrender price.

2.02.03 Revaluation gain/loss on Government securities

IFRS: As per IFRS 9 *Financial Instruments*, bonds can be categorized as "Amortized Cost (AC)" or "Fair Value Through Profit or Loss (FVTPL)" or "Fair Value through Other Comprehensive Income (FVOCI)" depending on how these are managed (the entity's business model) and on their contractual cash flow characteristics. Bonds designated as Amortized Cost are measured at amortized cost method and interest income is recognized through profit and loss account. Any changes in fair value of bonds designated as FVTPL is recognized in profit and loss account. Any changes in fair value of bonds designated as FVOCI is recognized in Revaluation Reserve as a part of equity.
As per requirements of IFRS 9, bills can be categorized either as FVTPL or FVOCI. Any change in fair value of bills is recognized in profit and loss or Revaluation Reserve as a part of equity respectively.

Bangladesh Bank: According to Bangladesh Bank guidelines (DOS Circular no. 5, dated 26 May 2008, Circular no. 5, dated 28 January 2009, Circular Letter no. 27, dated 4 December 2023 and subsequent clarifications,

- Government securities/bills are classified into Held for Trading (HFT) and Held to Maturity (HTM).
- HFT securities are revalued on the basis of mark to market on weekly basis and any gains on revaluation are recognized in Revaluation Reserves as a part of equity and any losses on revaluation are charged in the Profit and Loss Account. Revaluation loss can be net-off with the balance of Revaluation Reserve. For insufficient balance, the loss is charged to the Profit and Loss Account. Interest on HFT securities including amortization of discount is recognized in the profit and loss account.
- Held to Maturity (HTM) securities are amortized at the year end and any losses are recognized through profit and loss account and gains on amortization are recognized in Revaluation Reserve as a part of equity.

2.02.04 Provision on loans and advances/investments

IFRS: As per IFRS 9 Financial Instruments, an entity shall recognize impairment allowance on loans based on expected credit losses (ECL) model. The ECL model is a function of the Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD), discounted to the reporting date using the effective interest rate. The amount of ECLs are being updated at each reporting date to reflect changes in credit risk since initial recognition.

Judgment is required when determining whether there is objective evidence that impairment exists and, if so, the appropriate amount of ECLs to recognize. The measurement of ECLs reflects an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes, the time value of money, and reasonable and supportable information that is available without undue cost or effort at the reporting date regarding past events, current conditions and forecasts of future economic conditions. Financial assets are categorized into the following three stages depending on their assessed credit risk:

Stage 1 Financial assets are categorized as Stage 1 when first recognized. The Bank records an allowance for 12-month ECLs in profit or loss, and interest revenue is calculated on the gross carrying amount of the asset.

Stage 2 Financial assets are categorized as Stage 2 when they have experienced a significant increase in credit risk since initial recognition. The Bank records an allowance for lifetime ECLs, and interest revenue is calculated on the gross carrying amount of the asset.

Stage 3 Financial assets are categorized as Stage 3 when they are considered credit-impaired. The Bank records an allowance for lifetime ECLs, and interest revenue is calculated based on the net carrying amount of the asset (gross carrying amount less the loss allowance), rather than on its gross carrying amount.

Bangladesh Bank: As per Bangladesh Bank circulars and guidelines, loans and other assets have to be classified among Standard, Special Mention Account, Sub-standard, Doubtful and Bad/Loss category based on time duration of overdue and adequate provisions have to be maintained as per the instructions. Instructions applicable in 2023 related to provision are as follows:

• a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment.

• specific provision (other than Short-Term Agricultural and Micro-Credits) for sub-standard loans, doubtful loans ar bad losses has to be provided at 20%, 50% and 100% respectively. Specific provision for Short-Term Agricultural and Micro-Credits on 'sub-standard', 'doubtful' and 'bad/Loss' loans are 5%, 20% and 100% respectively.

• general provision at 0.50% to 1% is required for all off-balance sheet exposures except LC issued against Fast Trac Electricity Project & Bills for Collection.

•no additional provision was required in 2023 for deposits kept in the finance companies.

• As per Bangladesh Bank BRPD Circular-15, Date 27 Nov, 2024 and guidelines, loans and other assets have to be classified and adequate provisions have to be maintained as under:

CL Categories		Period of past due or overdue	Rate of provision
Unclassified	STD-0	No past due or overdue	1% of loan outstanding
	STD-1	≥ 1 day but <1 month	
	STD-2	≥ 1 month but < 2 months	
	SMA	≥ 2months but < 3 months	5% of loan outstanding
Classified	SS	≥ 3 months but < 6 months	20% of base for provision
	DF	≥ 6 months but < 12 months	50% of base for provision
	B/L	≥ 12 months	100% of base for provision

• Such provision policies are not specifically in line with those prescribed by IFRS 9. Mentionable here that, BB is revising the classification and provisioning system w.e.f. 1st April 2025. Also, there is now a complete Roadmap of the IFRS 9 implementation from December 2027. Sonali Bank has a board approved Roadmap for IFRS 9 implementation and two committees have been formed in this regard.

2.02.05 Recognition of interest in interest suspense account

IFRS: Loans and advances to customers are generally classified at amortized cost as 'loans and receivables' as per IFRS 9 and interest income is recognized through effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently becomes credit-impaired, the entity shall apply the effective interest rate to the amortized cost of these loans.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified, interest on such loans are not allowed to be recognized as income, rather the corresponding amount needs to be credited to interest suspense account, which is presented as liability in the balance sheet.

2.02.06 Other comprehensive income

IFRS: As per IAS 1 Presentation of financial statements, total comprehensive income comprises all components of 'profit or loss' and of 'other comprehensive income'. An entity may present a single statement of profit or loss and other comprehensive income, with profit or loss and other comprehensive income presented in two sections. The sections shall be presented together, with the profit or loss section presented first followed directly by the other comprehensive income section. An entity may present the profit or loss section in a separate statement of profit or loss. If so, the separate statement of profit or loss shall immediately precede the statement presenting comprehensive income, which shall begin with profit or loss.

An entity shall present the allocation of profit or loss and comprehensive income to non-controlling interests and owners of the parent separately.

Bangladesh Bank: The templates of financial statements issued vide Section 38 of the Bank-Company Act, 1991, BRPDC 14 dated 25 June 2003 and BRPDC 15 dated 09 November 2009 do not include the elements other comprehensive income, nor the elements of other comprehensive income are allowed to be included in a single comprehensive income statement. As such the Bank prepares the financial statements accordingly and does not prepare the comprehensive income statement. However, elements of OCI are shown in the statement of changes in equity. The Bank presents the allocation of profit or loss to non-controlling interests and owners of the parent.

2.02.07 Financial instruments

IFRS: A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

As per IFRS 9 *Financial Instruments*, an entity shall recognize a financial asset or a financial liability in its statement of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. An entity shall classify and measure financial instruments at amortized cost, fair value through other comprehensive income or fair value through profit or loss depending on how these are managed (the entity's business model) and on their contractual cash flow characteristics.

Bangladesh Bank: As per BB guidelines, in certain cases financial instruments are categorized, recognized, measured and presented differently from those prescribed in IAS 32 Financial Instruments: Presentation, IFRS 7 Financial Instruments - Disclosures and IFRS 9 Financial Instruments. As such, some disclosures and presentation lack the requirements of IAS 32, IFRS 7 and IFRS 9 in the financial statements.

Roadmap for Implementation of IFRS 9 (Financial Instruments)

2.02.07.01 Background and Regulatory Alignment

Bangladesh Bank (BB) issued a roadmap for the banks for implementing ECL based Classification and Provisioning under IFRS 9 Financial Instruments in three phases by 2027 by BRPD Circular Letter No. 03 dated 24 January 2025. Later vide BRPD-1 Circular No. 06 dated 08 March 2026, BB issued "Guidance for banks in implementing IFRS 9 Financial Instruments".

In accordance with the roadmap and guidance issued, Sonali Bank PLC is committed to the phased implementation of IFRS 9: Financial Instruments. The Bank recognizes that IFRS 9 will fundamentally change the impairment landscape by introducing the Expected Credit Loss (ECL) framework.

2.02.07.02 Governance and Committee Oversight

To ensure a seamless transition, the Bank has established a high-level IFRS 9 Implementation Committee and a dedicated Technical Working Group. These committees oversee the strategic alignment of the Bank's policy framework with international standards and local regulatory requirements. Specific roles and responsibilities have been assigned across the Risk Management, Finance, IT, and Credit Divisions.

2.02.07.03 Implementation Progress & Roadmap Compliance:

The Bank is adhering to the time schedules prescribed by the Central Bank. Key milestones achieved and in progress include:

- Capacity Building: Continuous training programs and workshops are being conducted for relevant officials to enhance technical expertise in ECL modeling and staging.
- Data Gap Analysis & Infrastructure: The Bank is currently in the process of developing a robust historical database and refining data collection protocols to support the complex requirements of Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD) estimations.
- Policy Refinement: Internal credit risk rating systems and classification policies are being reviewed to incorporate forward-looking macroeconomic variables.

2.02.07.04 Impact Assessment

The Bank is performing parallel runs and impact assessments to quantify the potential effect of IFRS 9 on the Bank's provision requirements and capital adequacy. The final implementation is expected to be completed within the regulatory timeline, ensuring enhanced resilience and transparency in financial reporting.

2.02.08 <u>REPO and REVERSE REPO Transactions</u>

IFRS: As per IFRS 9, when an entity sells a financial assets and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (REPO or stock lending), the arrangement is accounted for as a deposit, and the underlying asset continues to be recognized in the entity's financial statements. This transaction will be treated as loan and the difference between selling price and repurchase price will be treated as interest expenses. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per Department of Off-Site Supervision (DOS) Circular letter no. 06 dated 15 July 2010 and subsequent clarification in DOS circular no. 02 dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transaction and the financial asset is derecognized in the seller's book and recognized in the buyer's book.

However, as per DMD circular letter no. 7 dated 29 July 2012 and no. 7 dated 23 December 2021 banks are eligible to participate in the Assured Liquidity Support (ALS) program, whereby banks may enter collateralized loan arrangements with Bangladesh Bank. Here the borrowing bank continue to recognize the asset.

2.02.09 Financial guarantees

IFRS: As per IFRS 9, financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee liabilities are recognized initially at their fair value, and the initial fair value is amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortized amount and the present value of any expected payment when a payment under the guarantee has become probable. Financial guarantees are included within other liabilities.

Bangladesh Bank: As per BRPD circular 6 dated 25 April 2023, general provision at 0.50% to 1% is required based on type and conditions of guarantee and other off-balance sheet exposures.

2.02.10 Cash and cash equivalents

IFRS: Cash and cash equivalents items should be reported as cash item as per IAS 7: *Statement of Cash Flows*

Bangladesh Bank: As per BRPD circular 14 dated 25 June 2003, some cash and cash equivalent items such as 'money at call and on short notice', Prize bond are shown as cash and cash equivalent. Money at call and on short notice is shown as face item in balance sheet, and Treasury bills, Prize bonds are shown in Investment.

2.02.11 Non-banking assets

IFRS: No indication of non banking assets is found in any IFRS.

2.16.01 Cash

Cash and cash equivalents include cash in hand and balance with Bangladesh Bank and its agent bank and balances with other banks and financial institutions.

2.16.02 Investments

All investments are initially recognized at cost, including acquisition charges associated with the investment. Premiums are amortized and discount accredited, using the effective or historical yield method. Accounting treatment of government treasury bills and bonds (categorized as HFT or/and HTM) is made following Bangladesh Bank DOS circular letter no. 05 dated 26 May 2008 and as amended on 28 January 2009 and DOS Circular letter no. 02 dated 19 January 2012.

2.16.02.01 Held to Maturity (HTM)

Investments (financial instruments) which have fixed or determinable maturity date and the bank has no intention to sell before their maturity date irrespective of changes in market prices or the bank's financial position or performance are grouped as held to maturity. Government Treasury Bills, Government Treasury Bonds and other securities approved for statutory liquidity reserves have been classified as held to maturity financial asset. These are measured at amortized cost at each year end by taking into account any discount or premium in acquisition. Any increase or decrease in value of such investments is booked to equity. Any gain or loss on such investments is recognized in the statement of income when the investment is de-recognized or impaired.

2.16.02.02 Held for Trading (HFT)

The securities under this category are the securities acquired by the bank with the intention to trade by taking advantages of short term price/interest movement and the securities those are classified as HFT by the Bank held in excess of SLR (net of CRR) at a minimum level. Investments classified in this category are principally for the purpose of selling or repurchasing on short trading or if designated as such by the management. In this category, investments are measured in fair value and any change in the fair value i.e. profit or loss on sale of securities in HFT category is recognized in the Profit and Loss Account.

Value of investments is stated as per the following bases:

Particulars	Valuation Method
Government Securities:	
Government Treasury Bills	Present Value
Prize Bonds	Cost Price
Bangladesh Bank Bills	Cost price
Special Treasury Bonds	Present Value
Reverse Repo	Cost Price
Debentures of Govt. Corporations	Cost price
Other Investments (Quoted Shares)	Market Price
Other Investments (Other than Quoted Shares)	Cost Price

2.16.02.03 REPO and Reverse REPO

Since 01 September 2010 transactions of REPO and Reverse REPO are recorded based on DOS Circular No. 6, dated 15 July 2010 of Bangladesh Bank. In case of REPO of both coupon and non-coupon bearing (Treasury bill) security, Sonali Bank PLC adjusted the Revaluation Reserve Account for HFT securities and stopped the weekly revaluation (if the revaluation date falls within the REPO period) of the same security. For interest bearing security, SBL stopped the accrual of interest during REPO period.

2.16.02.04 Investment in Quoted and unquoted securities

Investments in equity instruments/shares that are not quoted in active market are not measured at fair value due to absence of information required to measure in fair value reliably; so these are presented at cost. The equity instruments that are quoted in active market are measured at fair value. Details of quoted and unquoted shares are shown in **Annexure - H**

2.16.02.05 Derivative Investments

Derivatives are financial instruments that derive their value in response to changes in interest rates, financial instrument prices, commodity prices, foreign exchange rates, credit risk and indices.

Derivatives are categorized as trading unless they are designated as hedging instruments.

All derivatives are initially recognized and subsequently measured at fair Value, with all revaluation gains recognized in the Income Statement (except where cash flow or net investment hedging has been achieved, in which case the effective portion of changes in fair value is recognized within other comprehensive income).

2.16.02.06 Revaluation of investment

As per the DOS (BB) Circular letter no. 05 dated 26 May 2008 & subsequent amended circular no. 05 dated 28 January 2009 and circular letter no. 27 dated 4 December 2023, HFT (Held for Trading) securities are revalued on weekly basis and HTM (Held to Maturity) securities are amortized on yearly basis. The HTM securities are also revalued if they are reclassified to HFT category with the Board's approval. Any gain or loss on revaluation of HTM securities is recognized in the statement of changes in equity. Gain on revaluation of HFT securities is transferred to the revaluation reserve and loss is adjusted net-off the revaluation reserve provided the excess loss is to be charged in the profit and loss account on weekly basis.

Investment class	Initial Recognition	Measurement after initial recognition	Recording of changes
Govt. T-bills/ bond (HFT)	Cost	Fair value	Gain to Revaluation Reserve (RR), Loss net-off from RR and excess to P & L,
Govt. T-bills/ bond (HTM)	Cost	Amortized cost	Increase or decrease in value to equity
Debenture/Bond	Cost	Cost	None
Investment in listed securities	Cost	Fair value	Loss to P & L, gain to Revaluation Reserve
Investment in unquoted share	Cost	Net Assets Value	Gain and loss to P&L
Prize bond	Cost	Cost	None

2.16.02.07 Investments in subsidiary

Investment in subsidiary is accounted for under the cost method of accounting in the Bank's financial statements in accordance with the IAS 27 "Separate Financial Statements", IFRS 3 "Business Combination", IFRS 36 "Impairment of Assets" and IFRS 10 "Consolidated Financial Statements"

Non-controlling Interest

2.16.05 Fixed Assets: Property, Plant and Equipment

2.16.05.01 Recognition and Measurement:

A) Fixed assets are stated at cost/fair value less accumulated depreciation as per International Accounting Standards IAS-16.
B) Acquisition cost of an asset comprises of the purchase price and any directly attributable cost of bringing the asset to working condition for its intended use inclusive of inward freight, duties and non-refundable taxes. It also-
   a) Includes cost to bringing the assets to the location and cost necessary for it to be capable of operating.
   b) Excludes trade discount and Rebates
Cost less than Tk.1000 which has expensed as Stationery.

The cost of an item of property, plant and equipment is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

Measurement after Recognition:
International Accounting Standards IAS-16 permits two accounting models for measurement of an assts in periods subsequent to its recognition , namely The cost model and Revaluation model.
COST MODEL: The asset is carried at its cost less accumulated Depreciation and Impairment Loss.
REVALUATION MODEL: The asset is carried at a revalued amount calculated as fair value at the date of revaluation less subsequent accumulated Depreciation and Impairment Loss.

All Property, plant and equipment are classified and grouped on the basis of their nature as required in IAS 1 "Presentation of Financial Statements". The major categories of Property, plant and equipment held by the bank are property (Premises & Buildings), Library Book, Furniture and fixtures, Electrical Installations and Calculating machines, Computer Hardware, Motor Car and other vehicles.

The bank recognizes in the carrying amount of an item of property plant and equipment's the cost of replacing part of such an item when it is cost effective and the cost is incurred if it is probable that the future economic benefits embodied with the item will flow to the bank and the cost of the item can be measured reliably. Expenditure incurred after the assets have been put into operation, such as repairs and maintenance is normally charged off as revenue expenditure in the period in which it is incurred.

2.16.05.02 Depreciation of Fixed Assets:

Depreciation is charged at the following rates on all fixed assets on the basis of estimated useful lives as determined by fixed asset policy of the bank and As required of IAS 16 "Property Plant and Equipment"

Depreciation Policy:

i) In all cases depreciation is calculated on the straight-line method. If assets is purchased in the first half of the month, depreciation is proportionately charged at the applicable rates on purchased assets from the beginning of that month. Otherwise, depreciation will be proportionately charged from the beginning of the following month of acquisition. While assets are sold or disposed in the first half of the month, no depreciation will be charged for that month. But depreciation will be charged for the month when the assets are disposed in the second half of the month. No depreciation would be changed on assets purchased after 20th December.

ii) No Depreciation charged on land and land developments,

2.16.05.03 Disposal of fixed assets

When the assets are sold, closed down or scrapped, the difference between the net proceeds and the net carrying amount of the assets is recognized as a gain or loss in other operating income or loss in other operating expenses. The cost and accumulated depreciation are eliminated when the disposal of assets from the fixed assets schedule and gain or loss on such disposal assets is reflected in the Profit and Loss Account as per provision of IAS 16 "Property, Plant and Equipment"

UHY Syful Shamsul Alam & Co. SSAC Dhaka Chartered Accountants
ACNABIN AC Dhaka Chartered Accountants

An intangible asset should be derecognized (i.e. eliminated from the balance sheet): (i) on disposal; or (ii) when no future economic benefits are expected from its use or disposal. Gains or losses arising are determined as the difference between: (i) the net disposal proceeds; and (ii) the carrying amount of the asset. Gains or losses are recognized as income or expense in the period in which the retirement or disposal occurs.

2.16.05.04 Determination of Useful Life & Revaluation of Fixed Assets:

After recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluation shall be made with sufficient regularity to ensure that the carrying amount does not differ materiality from that which would be determined using fair value at the end of the reporting period as per IAS-16.

Useful lives and method of depreciation on fixed assets are reviewed periodically. If useful lives of assets do not differ significantly as these were previously estimated, revaluation of assets does not consider. In case of long time, Useful assets may be revalued as per Bangladesh Bank guideline BRPD-10 with the satisfaction of the external auditor of the bank.

At the time of revaluation of assets, the revalued amount of assets has been transferred to Asset Revaluation Reserve. The revaluation reserve included in equity in respect of an item of property, plant and equipment would be transferred directly to retained earnings when the asset is derecognized. This would involve transferring the whole of the reserve when the asset is retired or disposed of. However, some of the reserve would be transferred as the asset is used by an entity. In such a case, the amount of the reserve transferred would be the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost. Transfers from revaluation reserve to retained earnings are not made through profit or loss as per Para 41 under IAS-16.

The fixed assets of the Bank have been revalued three times. In the year of 2007, following the instruction of vendor's agreement signed between Sonali Bank and Ministry of Finance, revaluation of all assets had been done and total value enhanced by Taka 8,833.82 million. Subsequently, in 2011 revalued by Taka 12,026.80 million and lastly in the year 2013 by Taka 9,469.13 million. No revaluation has been made during the year 2025.

2.16.05.05 Impairment of fixed assets

The policy for all assets or cash-generating units for the purpose of assessing such assets for impairment is as follows:

The bank assesses at the end of each reporting period or more frequently if events or changes in circumstances indicate that the carrying value of an asset may be impaired, whether there is any indication that an asset may be impaired. If any such indication exits, or when an annual impairment testing for an asset is required, the bank makes an estimate of the asset's recoverable amount. When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered as impaired and is written down to its recoverable amount by debiting to profit & loss account according to IAS-36.

Fixed assets are reviewed for impairment whenever events or charges in circumstances indicate that the carrying amount of an asset may be impaired.

2.16.05.06 Amortization and of Intangible Assets

As per IAS-38, an intangible asset is an identifiable non-monetary asset without physical substance. Amortization of intangible assets refers to the expensing of the cost of the intangible assets of the bank over the total lifetime of those assets.

Amortization of intangible assets is Calculated considering the durability and useful lives of items As per Fixed Assets: Property, Plant and Equipment Poicy-2022, These intangible assets are booked under the head "Fixed Assets-Intangible Assets" and amortized over their estimated useful lives by charging under the head "Charges Account-Amortization of Intangible Assets". Yearly amortized amount is charged in Profit & Loss Account.
Amortization Rate of intangible asset is 20%

2.16.06 Other Assets

Other assets comprise investment in subsidiaries (Sonali Exchange Co. Inc. (SECI), USA and Sonali Investments PLC, Prepaid Expenses, Interest receivables, Branch adjustment, fees and unrealized income receivable, advance for operating and capital expenditure and stocks of stationery and stamp. Details are shown in Note-9. and others as per Bangladesh Bank Circulars. Receivables are recognized when there is a contractual right to receive cash or another financial asset from another entity.

2.16.06.01 Classification of other assets

According to Bangladesh Bank BRPD circular no. 4, dated 12 April 2022, other assets are required to be classified as unclassified, doubtful and bad/loss based on the basis of outstanding period and uncertainty of recovery. Based on classification status provision is required to be maintained @50.0% for doubtful and 100.0% for bad/loss.

2.16.06.02 Written off of other assets

Other assets having no realistic prospect of recovery have been written off against full provision without reducing the claimed amount of the Bank. Notional balances against other assets written off have been kept to maintain the detailed memorandum records for such accounts/assets.

2.16.07 Intangibles assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Bank. Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and they are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is presented as a separate line item in the statement of comprehensive income (profit and loss account). Amortization is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets-valuation adjustment has been addressed inline with regulatory decision.

2.16.08 Non-banking assets

Non-banking assets include the assets acquired against the bad debt loans to adjust the loan. Assets are acquired in exchange for loans during the period of financial statements. The assets are recognized as per section 10 of the Bank Company Act 1991 and BRPD Circular No. 22, dated 20 September 2021.

2.16.09 Impairment of non-financial assets

The carrying amounts of the Group's and the Bank's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognized if the carrying amount of an asset or its Cash Generating Unit (CGU) exceeds its estimated recoverable amount.

Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs) and then to reduce the carrying amount of the other assets in the CGU (group of CGUs) on a pro rata basis.
Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

2.17 Liabilities and Provision

2.17.01 Borrowing from other banks, financial institutions and agents

Borrowings from other banks, financial institutions and agents include borrowing from Bangladesh Bank, inside and outside of Bangladesh. These items are brought to financial statements at the gross value of the outstanding balance. Details are shown in Note 11.

2.17.02 Deposits and Other Accounts

Deposits and other accounts include non-interest-bearing current deposit redeemable at call, interest bearing on demand and short-term deposits, savings deposit and fixed deposit. These items are brought to account at the gross value of the outstanding balances. Deposits and other accounts include bills payable have been analyzed in terms of the maturity grouping showing separately other deposits and inter-bank deposits. Details are shown in Note 12.

2.17.03 IFRS 16:Lease

IFRS 16 Lease is effective for the annual reporting periods beginning on or after1January 2019.IFRS 16 defines that a contract is (or contains) a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for considerations. IFRS 16 significantly changes how a lease accounts for operating lease.

Under previous IAS 17, an entity would rent an office building or a branch premises for several years with such a rental agreement being classified as operating lease would have been considered as a balance sheet item. However, IFRS 16 does not require a lease classification test and hence all lease should be accounted for as on balance sheet item(except some limited exception i.e. short-term lease, lease for low value items.

UHY Syful Shamsul Alam & Co. SSAC Dhaka Chartered Accountants
ACNABIN AC Dhaka Chartered Accountants

Under IFRS 16, an entity shall be recognizing a right-of-use (ROU) asset (i.e. the right to use the office building, branches, service centre, call centre, warehouse, etc) and a corresponding lease liability. The asset and the liability are initially measured at the present value of unavoidable lease payments. The depreciation of the lease asset (ROU) and the interest of the lease liability is recognized in the profit and loss account over the lease term replacing the previous heading lease rent expense.

The Management is continuously assessing the recognition criteria of the components of IFRS 16 in its financial statements covering the area of operations including the fixed assets and if found appropriate other than the recognized area, will immediately be recognized as per the scope of IFRS 16- Leases accordingly.

Right-of-use assets (ROU):

The Bank recognizes right-of-use assets at the date of 01 January 2020. Right-of-use assets are measured at cost, less any accumulated depreciation, and adjusted for any re-measurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the lease term. The right-of-use assets are presented under fixed assets.

Lease Liability:

At the commencement date of lease, the bank recognizes lease liabilities measured at the present value of the lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments.

Short-term lease and leases of low value assets:

The Bank has elected not to recognize ROU assets and lease liabilities for leases of low value assets and short-term lease, i.e. for which the lease term ends within 12 months of the date of initial application. The Bank recognizes lease payments associated with these leases as an expense. The contracts for premises with branches, head office Principal offices, regional offices are considered for lease calculation.

The impacts of the new standard on lessees' financial statements are :-

- An increase in recognized assets and liabilities.
- More lease expenses recognized in early periods of lease, and less in the later periods of a lease.
- A shift in lease expense classification from rental expenses to interest expense and depreciation.

2.17.03.01 Other liabilities

Other liabilities comprise items such as provision for loans and advances/investments/other assets, taxation, superannuation fund, gratuity fund and off balance sheet exposure and also includes interest payable, interest suspense, accrued expenses etc. Other liabilities are recognized in the balance sheet according to the guidelines of Bangladesh Bank, Income Tax Act, 2023, IAS 37 and internal policy of the Bank. Details are shown in Note 13.

2.17.04 Taxation

Income tax represents the sum of the current tax and deferred tax payable. Income tax assessment has been finalized up to the income year 1996, 1997, 1998, 2000,2001, 2002 and 2003. Income Tax Reference Case pending for the year 2004 to 2021. DCT's assessment order yet to issued for the income year 2022-2024.

2.17.04.01 Current tax

The current tax payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the Profit and Loss Account because it excludes items of income or expense that are taxable or deductible. The Bank's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the date of Balance Sheet.

Provision for current income tax has been made as per Income Tax Act 2023, Income Tax Rules 2016, Finance Ordinance 2025, TDS Rules 2024 (Amended in 2025) and SRO's issued time to time by NBR.

2.17.04.02 Deferred tax

Deferred tax is calculated on the taxable/deductible temporary differences between tax base and carrying value of assets and liabilities as required by International Accounting Standards IAS 12: 'Income Taxes'. Deferred tax is not recognized for the following temporary differences:

- on the initial recognition of assets or liabilities in a transaction that is not a business combination and at the time of transactions, affects neither accounting nor taxable profit or loss; and
- on the initial recognition of goodwill.

Deferred tax assets and liabilities are offset if permenant difference arise and there is a legally enforceable right to offset current tax liabilities against Deferred tax assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously. Deferred tax is computed at the prevailing tax rate as per Finance Act 2023.

A deferred tax asset is recognized for deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

2.18 Capital and Shareholders' Equity

2.18.01 Capital Management

The Bank has strategic capital management process for measuring, deploying and monitoring its available capital and assessing its adequacy. The aim of this capital management process is to achieve four major objectives; exceed regulatory thresholds and meet long-term internal capital targets, maintain strong credit rating, manage capital levels commensurate with the risk profile of the bank and provide the banks shareholder with acceptable returns.
Capital is managed in accordance with the board approved capital management planning from time to time. Senior management develops the capital strategy and oversees the capital management planning of the Bank. The Bank's finance and risk management department are key to implementing the Bank's capital strategy and managing capital. Capital is managed using both regulatory control measure and internal matrix.

2.18.02 Authorized capital

Authorized capital is the maximum amount of share capital that the Bank is authorized by its Memorandum and Articles of Association to issue (allocate) among shareholders. This amount can be changed by shareholders' approval upon fulfillment of relevant provisions of the Companies Act, 1994. Part of the authorized capital usually remains unissued. The part of the authorized capital already issued to shareholders is referred to as the issued share capital of the Bank.

2.18.02.01 Paid up capital

The paid up capital share capital represents total amount of shareholder capital that has been paid in full by the Government of Bangladesh i.e. ordinary shareholder. The Board of Directors accept their responsibility for the preparation and fair presentation of these financial statements.

2.20 Consolidation of the Financial Statements

Consolidation of the Financial Statements is started from 2011.

2.21 Risk Management

The Bank Company Act, 1991 (Amended to date) and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

Bangladesh Bank Department of Off-site Supervision (DOS) has issued Circular no. 02 dated 15 February 2012 on Risk Management Guidelines for Banks and instructed all scheduled banks operating in Bangladesh to follow this Guidelines for managing various risks which have been compiled by the Bank.

In addition, the Bank is also following relevant Bangladesh Bank guidelines on risk based capital adequacy, stress testing and managing the banking risks in other core risk areas.

The Bank has established a Risk Management Division (RMD). The RMD conducts stress testing for examining the Bank's capacity of handling future shocks, as well as deals with all potential risks that might occur in future.

Being a financial institution, in the ordinary course of business, the bank is sensitive to verities of risks. The generic severity of such risk(s) is much intense in our locality due to presence of large number of banks and complex financial transactions. In such highly competitive environment to ensure a bank's consistent system and performance, the presence of strong Risk Management culture is obligatory. Being compliant, the bank is now looking forward to take risk management practice to a different level, i.e. preventing risk before occurrence rather than a reactive manner; on a proactive basis. As a part of regulatory and global benchmarking the bank has based upon 07(seven) core risks guidelines of Bangladesh Bank and Basel framework. Listed below are the identified risks the bank is currently managing or intents to manage:

- Internal Control and Compliance Risk
- Foreign Exchange Risk
- Credit Risk
- Asset Liability Management Risk
- Money Laundering Risk
- Information & Communication Technology Security Risk
- Environmental Risk

Accordingly the bank has various high powered committees to monitor and ensure smooth risk management activities. For example, Board Risk Management Committee, high powered central Risk Management Committee, Departmental Risk Management Committee, Asset Liability Management Committee (ALCO), Investment Committee, Credit Committee (CC) etc. To manage the overall risks of the bank in line of Basel the bank has formed a dedicated Core Risk Management & Basel-II Implementation Division. The detail of SBL's risk management is stated below:

a) Internal Control and Compliance Risk

Establishment of sound control environment and effective compliance culture is the key stone of managing operational risk. Internal control is a process to control overall activities of the Bank through establishing policies, procedures, observance of instructions of regulatory authorities with a view to avoid any possible loss from the lack of corporate governance.

To mitigate the operational risk, the Bank ensured effective internal control systems for all of its operational activities by intensifying the internal audit function, comprehensive and risk based inspection in all branches and Head Office. The Compliance Division ensures the settlement of objections or irregularities mentioned in the audit reports under a strong monitoring process of the Management Committee (MANCOM). Besides there is a division named Vigilance and Control Division under the direct supervision of CEO and MD to act at any sudden occurrence of loss or irregularities.

The Bank with the support of an Expert Team, has undertaken a program for upgrading its Internal Control and Compliance policy as well as other policies in the area of credit, audit, information technology and accounts as per international best practices.

b) Foreign Exchange Risk Management

Foreign Exchange Risk is defined as the possibility of losses due to change in exchange rates interest rate etc. according to market forces. The Foreign Exchange Risk of the Bank is minimal as all the transactions are carried out on behalf of the customers against underlying Foreign Exchange transactions.

Treasury Division independently conducts the transactions and the Back Office of Treasury is responsible for verification of the deals and passing of their entries in the books of account. Mid office coordinates the work in between front office and back office functioning. All foreign exchange transactions are revalued at Mark-to-Market rate as determined by Bangladesh Bank at the month -end. All NOSTRO accounts are reconciled on regular basis and outstanding entries beyond 30 days are reviewed by the Management for their settlement.

c) Credit Risk

Credit risk is one of the crucial risk faced by the Bank. This can be described as potential loss arising from the failure of a counter party (borrower) to perform as per contractual agreement with the Bank. The failure may result from unwillingness of the counter party or decline in his/her financial condition. Therefore, Bank's credit risk management activities have been designed to address all these issues. The Bank has segregated duties of the Officers/Executives involved in credit related activities. Credit approval, administration, monitoring and recovery functions have been segregated. For this purpose, three separate divisions have been formed. These are credit division, credit monitoring & recovery division and law division. Credit division is entrusted with the duties of maintaining asset quality, assessing risk in lending to a particular customer, sanctioning credit, formulating policy/strategy for lending operation, etc.

There is a high power credit committee who manages the credit risk of the bank. A thorough assessment is done before sanction of any credit facility at credit division. The risk assessment includes borrower risk analysis, financial analysis, industry analysis, historical performance of the customer, security of the proposed credit facility, etc. All credit proposals have been placed in credit committee for sanction or make decline. Managing Director is the Chairman of credit committee. Loans having big exposures are placed before the Board of Directors of the Bank for sanction.

In determining single borrower/large loan limit, the instructions of Bangladesh Bank are strictly followed. Internal audit is conducted on periodical interval to ensure compliance of Bank's and Regulatory policies. Loans are classified as per Bangladesh Bank's guidelines.

d) Asset Liability Management Risk

Bank has high powered Asset Liability Management Committee (ALCO) to monitor Balance Sheet Risk and liquidity Risks of the Bank. The Balance Sheet Risk is determined as potential change in earnings due to change in rate of interest foreign exchange rates and regulatory instructions, which are not of trading nature. Asset Liability Committee (ALCO) reviews Liquidity requirement of the Bank, the maturity of assets and liabilities, deposits and lending, pricing strategy and the Liquidity contingency plan. The primary objective of the Asset Liability Committee (ALCO) is to monitor and avert significant volatility in Net Interest Income (NII), investment value and exchange earnings for the purpose of taking future action plan for better interest of the organization.

e) Money Laundering Risk

Risk Associates with probable Money laundering activities is one of the major risk in the area of banking sector. Money Laundering risk is defined as the loss of reputation and expenses incurred as penalty for being negligent in prevention of money laundering. For mitigating the risk the Bank has designated Chief Compliance Officer at Head Office and Compliance Officer at Branches, who independently review the transactions of the accounts to verify suspicious transactions.

Manuals for Prevention of Money Laundering, KYC and Transaction profile have been introduced. Training has been imparted to Executives, Officers and staff for developing awareness and skill for identifying suspicious transactions and other Money Laundering related activities.

f) Information & Communication Technology Security Risk

IT Guideline is a systematic approach to policies required to be formulated for IT and also to ensure security of information and information systems. This guideline covers all information that is electronically generated, received, stored, printed, scanned and typed. The provisions of this guideline apply to:

1. Sonali Bank PLC for all of its IT system.
2. All activities and operations required ensuring data security including facility design, physical security, network security, disaster recovery and business continuity planning, use of hardware and software, data disposal and protection of copy rights and other intellectual properly rights.

The implementation of Core Banking Solution (CBS) will be linked from the branches to the central database. Near future the information will be easily accessible by senior management and is expected to be important source of information of strategic decision-making process based on a comprehensive database. It is to be declared that the Bank is fully compliant according to the guideline of Central Bank's IT policy.

g) Environmental Risk

Environmental Risk is the new concern in the banking arena. Bank authority is very much aware about this. In compliance with Bangladesh Bank's instructions and guidelines regarding environmental risk, all the activities of the bank are being carried on. Specially, to approve the credit proposal, Bank Credit Committee meticulously review the compliance status of the borrower regarding environmental requirement.

2.22 Risk Management Committee Disclosure

A Risk Management Committee, comprising Directors of the Board has been formed in consistence with the Bank Company Act 1991 (Amended to date) and directives of the BRPD Circular no. 2 dated 11 February 2024 and the previous BRPD Circular No. 11 dated 27 October 2013 of Bangladesh Bank. Bank's risk management approach includes minimizing undue concentrations of exposure, limiting potential losses from stress events and ensuring the continued adequacy of all our financial resources. The committee is playing a vital role in risk management of the bank. It has a long term plan to develop risk management culture in the bank.

2.25 Implementation of BASEL-III

Banks operating in Bangladesh are maintaining capital since 1996 on the basis of risk weighted assets in line with the Basel Committee on Banking Supervision (BCBS) capital framework published in 1988. Considering present complexity and diversity in the banking industry and to make the Bank's capital more risk-sensitive as well as to improve the banking sector's ability to absorb shocks arising from financial and economic stress, Bangladesh Bank provides revised regulatory capital framework "Risk Based Capital Adequacy for Banks" which is effective from 1 January 2009. Both the existing capital requirement rules on the basis of Risk Weighted Assets and revised Risk Based Capital Adequacy Framework for Banks as per Basel-II were followed simultaneously initially for one year. For the purpose of statutory compliance during the period of parallel run i.e. 2009, the computation of capital adequacy requirement under existing rules prevailed. On the other hand, revised Risk Based Capital Adequacy Framework as per Basel-II had been practiced by the Banks during 2009 so that Basel-II recommendation could effectively be adopted from 2010. From January 2010, Risk Based Capital Adequacy Framework as per Basel-II have been fully practiced by the Banks replacing the previous rules under Basel-I. Bangladesh Bank adopted "Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework for Banks in line with Basel-III)" as per BRPD circular no. 18 dated 21 December 2014 replaced of "Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework for Banks in line with Basel-II)". This circular shall come into force with effect from 01 January 2015. These new global regulatory and supervisory standards mainly addressed the following areas:

1. Pillar-1 :

a) Minimum Capital Requirement (MCR);
b) Assessment of total Regulatory Capital;
c) Calculation of total Risk Weighted Assets;
d) Calculation of Capital to Risk Weighted Assets Ratio (CRAR);

e) Raise the quality and level of capital to ensure banks are better able to absorb losses on both a going concern and a gone concern basis;
f) Increase the risk coverage of the capital framework;
g) Introduce Leverage Ratio (LR) to serve as a backstop to the risk-based capital measure;
h) Calculation of Liquidity Coverage Ratio (LCR) and
i) Calculation of Net Stable Funding Ratio (NSFR).

2. Pillar-2 :

a) Raise the standards for the supervisory review process ; and the main aspects of a rigorous SRP are as follows :

- Board and senior management oversight,
- Sound capital assessment,
- Comprehensive assessment of risks,
- Monitoring and reporting,
- Internal control review.

b) Preparation of ICAAP (Internal Capital Adequacy Assessment Process) documents for assessing its overall risk profile and a strategy for maintaining adequate capital.

c) SRP – SREP dialogue.

3. Pillar-3 :

a) Market Discipline/Public disclosures etc.

i) Capital to Risk Weighted Assets Ratio (CRAR)

The Capital Adequacy Ratio (CAR) has been newly defined as Capital to Risk Weighted Asset Ratio (CRAR) which is calculated by taking eligible regulatory capital as numerator and total RWA as denominator.

$$\text{CRAR} = \frac{\text{Total Eligible Capital}}{\text{Credit RWA+Market RWA+Operational RWA}}$$

ii) Leverage Ratio

In order to avoid building-up excessive on and off-balance sheet leverage in the banking system, a simple, transparent, non-risk based leverage ratio has been introduced. The leverage ratio is intended to achieve the following objectives:

a) Constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy.

b) Reinforce the risk based requirements with an easy to understand and a non-risk based measure.
A minimum Tier 1 leverage ratio of 3.25% is being prescribed both at solo and consolidated level.

The banks will maintain leverage ratio on quarterly basis. The calculation at the end of each calendar quarter will be submitted to BB showing the average of the month end leverage ratios based on the following definition of capital and total exposure.

$$\text{LR} = \frac{\text{Tier 1 Capital (after related deductions)}}{\text{Total Exposure (after related deductions)}}$$

iii) Liquidity Coverage Ratio (LCR)

LCR or Liquidity Coverage Ratio is a new liquidity standard introduced by the Basel Committee. This standard is built on the methodologies of traditional liquidity coverage ratio used by banks to assess exposure to contingent liquidity events. LCR aims to ensure that a bank maintains an adequate level of unencumbered, high-quality liquid assets that can be converted into cash to meet its liquidity needs for 30 calendar days. LCR goes beyond measuring the need for liquid assets over the next 30 days in a normal environment. It measures the need for liquid assets in a stressed environment, in which deposits and other sources of funds (both unsecured and secured) run off, to various extents, and unused credit facilities are also drawn down in various magnitudes. These runoffs are in addition to contractual outflows.

$$\text{LCR} = \frac{\text{Stock of quality liquid assets}}{\text{Total net cash outflows over the next 30 calendar days}} \geq 100\%$$

iv) Net Stable Funding Ratio (NSFR)

NSFR or Net Stable Funding Ratio is another new standard introduced by the Basel Committee. The NSFR aims to limit over-reliance on short-term wholesale funding during times of abundant market liquidity and encourage better assessment of liquidity risk across all on off-balance sheet items. The minimum acceptable value of this ratio is 100 percent, indicating that available stable funding (ASF) should be at least equal to required stable funding (RSF). ASF consists of various kinds of liabilities and capital with percentage weights attached given their perceived stability. RSF consists of assets and off-balance sheet items, also with percentage weights attached given the degree to which they are illiquid or "long-term" and therefore requires stable funding. The time horizon of the NSFR is one year. Like the LCR, the NSFR calculations assume a stressed environment.

$$\text{NSFR} = \frac{\text{Available amount of stable funding (ASF)}}{\text{Required amount of stable funding (RSF)}} \geq 100\%$$

The calculation of the NSFR requires two quantities to be defined :
A. available stable funding (ASF) and
B. required stable funding (RSF).
NSFR is met if ASF exceeds RSF, that is if ASF/RSF > 1 or 100%.

2.26 Related party disclosures

As per International Accounting Standards IAS-24 'Related Party Disclosures', parties are considered to be related if one of the parties has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. The company carried out transactions in the ordinary course of business on an arm's length basis at commercial rates with its related parties. Related party disclosures have been given in Note 46 and 47.

2.27 Litigation

The bank is not a party to any lawsuits except those arising in the normal course of business, which were filled against the default clients for non-performance in loans repayment and against various level of tax authority regarding some disputed tax issue. The bank, however, provides adequate provisions as per guidelines of IAS 37 incompliance with Bangladesh Bank guidelines.

2.28 Loan Write off

Write off describes a reduction in recognized value. It refers to recognition of the reduced or zero value of an asset. Generally, it refers to loan for which a return on the loan is now impossible or unlikely. The item's potential return is thus cancelled and removed from (Written off) the banks statement of financial position. Recovery against debts written off / provided for is credited to provision or revenue considering the previous position of the loans.

2.29.01 Standards, interpretations of and amendments to the IFRSs that effective from subsequent period

The following new standards and amendments to standards are effective for the annual reporting periods beginning on or after 1 January 2024 and earlier application is permitted, but the Bank has not early adopted:

- IFRS 18 Presentation and Disclosure in Financial Statements.
- IFRS S1 General Requirements for Disclosure of Sustainability-related Financial Information
- IFRS S2 Climate-related Disclosures
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2).
- Definition of Accounting Estimates (Amendments to IAS 8).
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12).
- Lease liability in a Sale and Leaseback (Amendments to IFRS 16).
- Classification of Liabilities as Current or Non-current (Amendments to IAS 1).

Based on initial assessment management has concluded that none of these new and amended standards are expected to have a significant impact on the Bank's financial statements.

2.30 Corporate Social Responsibility (CSR)

Bank authority is very much concern about responsibility to the society people. With industrialization, the impacts of business on society and the environment assumed an entirely new dimension. For this Corporate Social Responsibility has become a criterion of socially lawful business Endeavour and the acceptance of it, is growing day by day. Countries of developed economy have taken the idea of "Social Responsibility". Being the largest state owned commercial bank in Bangladesh, Sonali Bank Ltd. has also realized its responsibilities to the society and contributed to the amelioration of the social life of the destitute people, infra-structure, environment etc. within the framework of Bangladesh Bank guidelines.

2.31 Off Balance Sheet items

Under general banking transactions, liabilities against acceptance, endorsements, and other obligations and bills against which acceptance has been given and claims exists there against, have been shown as off balance sheet items.

Off Balance Sheet items have been disclosed under contingent liabilities and other commitments as per Bangladesh Bank guidelines.

As per BRPD circular 6 dated 25 April 2023, general provision at 0.50% to 1% is required based on type and conditions of off-balance sheet exposures. Bank has maintained sufficient provision in the books of accounts against off balance sheet exposure.

2.32 Fraud and Forgeries

2.32.01 Based on DOS circular letter no. 17, dated 7 November 2012 issued by Bangladesh Bank, the following areas for self assessment of Anti-Fraud Internal Controls are addressed by the Bank:

- General Banking and Operation (GBO);
- Loans and Advances (LA); and
- Information and Communications Technology (ICT)

In addition to the above self assessment, the following process followed by the management:

i) Additional security devices are incorporated, not only within the bank premises but also in the instruments given to their numerous clients.

ii) In recruiting key personnel who are to handle certain sensitive operations, it is essential that bank makes comprehensive efforts at conducting a proper background check on the status and nature of the employee in his or her neighborhood, as this would help them establish the probability of the employee engaging in fraudulent activities.

iii) Regular need assessment to increase the ability of bank's staff in detecting fraud especially those related to cheques and money transfers. This can be achieved through a combination of internal and external modules of on the job training and off the job training exercises.

iv) Continuously review the code of ethics and code of conduct to reduce the probable tendency for fraudulent behavior of the employees. It is believed that if employees are well motivated to the bank, the incidence of frauds will be reduced.

v) Favorable financial awards and recognition should be given to employees who show dexterity in identifying and preventing fraud.

vi) Top management must also strive to maintain a high degree of ethical standards in the performance of their duties, in view of the fiduciary nature of their functions. This is imperative as they are by law required to safeguard the assets of their banks.

vii) The internal audit divisions of bank should not be seen as a dumping ground for non-performing staff. Staff deployed into this department should be sufficiently qualified, properly trained and adequately experienced in all facets of banking operation.

2.33 Internal Audit Process

Internal Audit Division as independent from the part of Management, is committed to standards of best professional practice on internal audit. The basic steps in the internal audit processes followed by the bank are stated below:

1) Audit Planning Process

The basic audit planning process consists of two phases: the assessment of business risk and the development of the annual plan. Assessing of business risk focuses on viz. (i) defining auditable units, (ii) defining the risk criteria, (iii) constructing the risk model and (iv) ranking the auditable units.

i) Defining Auditable units

Auditable units are defined as individual applications, business units, departments or offices each of these approaches either limits the scope of an audit project or broadens it beyond what can reasonably be managed.

ii) Defining the risk criteria

The model is based on operational risk, exposure and controls. Each area is broken down into sub-categories as follows:

- Operational risk (people, systems, process, contractual, reputational and political)
- Exposure (financial, regulatory and customer);
- Controls (people, process, information systems and reporting).

The controls categories are further broken down into the following sub-categories viz. people, process and information systems.

iii) Constructing the Risk Model

The risk assessment and audit planning methodology is a structured approach to a subjective process. The risk assessment and planning model is the product of value judgments.

iv) Ranking the Auditable units

The risk profile spreadsheet computes a score for each auditable unit based on operational risk, exposure and control. This score is then converted into a ranking for each criterion as follows:

Operational Risk - high, medium, low.
Exposure - high, medium, low.
Control - high, medium, low.

2) Developing Audit Programme

Once the annual plan is developed and approved; Audit Programme are developed for each audit to be undertaken. Audit Programme is to be reviewed prior to the start of each audit to determine if there have been any changes. The steps in developing an Audit Programme are: understand the operations, develop flowchart or narrative, review the process with the concerned staff and develop the Audit Programme.

3) Implementing the Annual Audit Plan

The department undertakes structured approach to accomplish the annual plan and the actual audit can be broken up into a number of stages stated below.

(i) Preparation stage

At this stage, the team leader ensures that all the necessary requirements for the audit are prepared and available and preliminary reviews and information gathering is undertaken.

(ii) Fieldwork

During the fieldwork the auditor gathers evidence in order to determine the status of operations and controls within a particular area. This evidence is the basis for the auditor's conclusions about a particular assignment.

(iii) Documentation or working paper

The working papers are evidence in support of the audit findings and opinion.

(iv) Audit Findings

Findings are pertinent statements of fact uncovered during the course of an audit and these are to be reported. The findings are reviewed by the Team leader and the Head of Audit prior to the final report being issued.

4) Reporting

The audit reports are submitted to the auditable units, senior management and to the Audit Committee of the Board. The audit reports contain findings which are of a critical nature and have a major impact on the organization. Other operational issues identified during the audit which are considered not to be of a material nature but are worth are reported through 'Management Report' to the Head of the Department/Office and Head of the area being audited.

5) Follow-up

Along with compliance functioning the internal audit people employ close follow up to ensure that appropriate and timely action has been taken on audit findings and recommendations. Internal Audit Department reports to the Audit Committee on the current status of outstanding findings and what action is being taken to resolve the issues.

6) External Audit

Internal audit uses the external audit reports and ensures that any issues raised by the external auditor have been followed up by management and whether corrective action has been taken in a timely manner.

2.34 Reporting period

The accounting period of the bank has been determined to be from 1 January to 31 December each year and is followed consistently.

2.35 Comparative Information

Presentation of Financial Statements, comparative information in respect of the previous year have been presented in all numerical information in the financial statements and the narrative and descriptive information where, it is relevant for understanding of the current year's financial statements.

The comparative figure for amortization of intangible assets has been taken off from the profit and loss account and shown in the statement of changes in Equity against the corresponding amount in the current year's financial statement as explained in note 18 to the financial statement.

2.36 Earnings per share (EPS)

2.36.01 Basic earnings per share

The Bank calculates Basic Earnings per Share (EPS) in accordance with IAS 33 "Earnings per Share", which has been shown on the face of profit and loss account, and the computation of EPS is stated in Note 44.

2.36.02 Diluted earnings per share

No diluted earnings per share is required to be calculated for the year as there was no scope for dilution during the year under review.

2.37 Approval of financial statements

The financial statements were approved by the Board of Directors on 29 April 2026.

2.38 Verification of financial statements through Document Verification System (DVS)

As per BRPD circular letter no. 4 dated 04 January 2021 Banks are required to preserve the updated statutory audit report of the clients in loan file during approval/renewal of the facilities and as per BRPD circular letter no. 35 dated 06 July 2021, the statutory audit report and Financial Statements needs to be verified through the Document Verification System (DVS) developed by the Institute of Chartered Accountants of Bangladesh (ICAB). Financial Reporting Council (FRC) vide its letter no 178/FRC/APR/2021/27(23) dated 7 December 2021 has instructed to disclose the percentage (%) of the loan file covered under the compliance of these BRPD Circular in the financial statements of the Bank. The Bank entered in a MOU with ICAB for verification through DVS at the end of the year 2021. The bank got the master access on the DVS from the year 2022. After getting the master access the bank has started to implement the compliance accordingly.

2.39 a) Figures have been rounded off to the nearest taka.
b) Prior Year's figures have been shown for comparison purposes and rearranged wherever necessary to conform to current year's presentation.
c) Conversion rate is calculated based on the simple average of buying and selling rate.

2.40 Operating Environment

The Bank's operating environment during the year ended 2025 were impacted by a number of major global geo-political events and conflict, volatile fuel and commodity prices, unpredictable foreign exchange and interest rate etc. Most of these events also had significant impact on the local economic environment affecting the Bank's operations. From time to time, the Government of Bangladesh and the local Central Bank (Bangladesh Bank) has issued various directives to manage impacts from these events which the Bank has followed. Management on regular basis review and monitor the global and country specific macro-economic situation and factor these issues into the decision making process.

3.03 Disclosures regarding maintenance of CRR & SLR

Cash Reserve Requirements (CRR) and Statutory Liquidity Ratio (SLR) have been calculated and maintained in accordance with the sections 36/37 of Bangladesh Bank order 1972 & Section 33 of the Bank Company Act 1991 (amended to date) and subsequent MPD Circular No. 03, 09 April 2020.

The Cash Reserve Requirement (CRR) on the bank's time and demand liabilities at the rate of 4% has been calculated and maintained with Bangladesh Bank in current account and 13% Statutory Liquidity Ratio (SLR), Excess CRR on the liabilities has also been maintained in the form of treasury bills, bonds and debentures including F.C. balance with Bangladesh Bank. Both the reserve maintained by the Bank are in excess of the statutory requirements, as shown below:

3.03.01 Cash Reserve Requirement (CRR)

As per MPD circular No. 3 dated 09 April 2020 of Bangladesh Bank (effective from 15 April 2020) refer to MPD circular No. 04 dated 1 December 2010, all scheduled Banks are required to maintain a CRR minimum 3.5% on daily basis (3% from 5 March 2025 as per MPD Circular no. 1 dated 4 March 2025) based on weekly average demand and time liabilities of two months prior to current month (i.e. CRR of December 2025 will be based on weekly average balance of October 2025 as per BRPD circular no. 12 dated 6 September 1998) and minimum 4% on bi-weekly basis. SBL has been maintaining its CRR on bi-weekly basis.

Although a Deferred Tax Asset (DTA) of Tk. 78,603,738,119 has been calculated as per IAS 12 as on 31 December 2025, management has elected to recognize only 45% of it (Tk. 35,371,682,154) because of the long outstanding pending litigation and Management will review at the end of the each reporting period. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available in the future profits. As of December 31, 2024, a net DTA of Tk. 30,719,891,750 was recognized and the remaining Tk. 4,651,790,403 has been recognized for the financial year 2025.

As per Bangladesh Bank vide directive letter no-BSD-1(Wing-1)/1509/2026-309 dated 29 April 2026, the Bank has calculated the required provision against unclassified and classified loans & advances and maintained provision amounting taka 15,271.65 crore as on 31.12.2025

* The Bank operates funded defined benefit plans for its employees. As at 31 December 2025, the plans held assets of Tk. 2046.45 crore, contributions during the year amounted to Tk.1181.64 crore and payment during the year Tk.610.47 crore. Pending completion of the actuarial valuation required under IAS 19- Employee Benefits, management has provisionally recognized Tk 50 crore in equity to reflect potential actuarial loss. This is intended to cover possible actuarial losses, while recognizing that a formal reassessment may also give rise to current service cost and other components of defined benefit expense. The plans will be reassessed through actuarial valuation, and any resulting actuarial gains or losses, together with service cost and net interest, will be recognized in accordance with IAS 19 in the period of determination.

14.06.1 Details about Ratio

a) Capital to Risk-weighted Asset Ratio

$$\text{CRAR (Bank)} = \frac{\text{Total Eligible Capital}}{\text{Credit RWA+Market RWA+Operational RWA}} = \frac{76,667,726,570}{758,666,700,000} = 10.11\%$$

$$\text{CRAR (Consolidated)} = \frac{84,604,274,515}{764,090,200,000} = 11.07\%$$

b) Leverage Ratio

$$\text{LR} = \frac{\text{Tier 1 Capital (after relate deductions)}}{\text{Total Exposure (after relate deductions)}}$$

$$\text{LR (Bank)} = \frac{61,751,730,859}{2,306,301,800,000} = 2.68\%$$

$$\text{LR (Consolidated)} = \frac{69,688,278,803}{2,320,933,700,000} = 3.00\%$$

c) Liquidity Coverage Ratio

$$\text{LCR} = \frac{\text{Stock of quality liquid assets}}{\text{Total net cash outflows over the next 30 calendar days}} = \frac{880,746,570,000}{173,141,908,207} = 508.68\%$$

d) Net Stable Funding Ratio

$$\text{NSFR} = \frac{\text{Available amount of stable funding (ASF)}}{\text{Required amount of stable funding (RSF)}} = \frac{1,653,791,216,000}{1,568,321,504,000} = 105.45\%$$

35a Pursuant to BRPD Circular Letter No. 28 dated 26 July 2022 and BRPD Circular Letter No. 30 dated 27 July 2022, all schedule banks of Bangladesh are instructed to reduce certain expenses at specific percentage from the allocated amount. Categories of expenses fall under these requirements are expenses for fuel, electricity, entertainment, travelling, computer & accessories, electrical equipment, furniture and other stationeries. Purchase of all new or replacement vehicle has also been prohibited. The Bank has taken several initiatives such as reducing electricity cost, various expenses and travelling, deferring purchases of computer and accessories which are not urgently required etc. To comply with the above instructions, actual expense on the said categories are monitored on monthly basis to track the savings achieved against the allocated amount. Savings achieved are reflected in the respective expense category in the profit and loss statement or fixed assets schedule of the Bank."

C-1: According to the decision of the meeting regarding tax assessment, claim creation and refund on the income tax documents of Sonali Bank PLC signed by the Additional Tax Commissioner of the Large Taxpayer Unit of Dhaka on 10th August 2009, the amount refundable by the bank from the National Board of Revenue for the Assessment Year 2008-2009 is (601,80,87,927.00 - 2849499817.00) = TK. 316,85,88,110.00.

C-2: Income Year 2013 approved Accounts shows Tax Deducted at Source (TDS) TK. 673442288 (Excluding TDS on LC Commission TK. 179986126, TDS on CAR TK. 2460957, TDS on Staff Salaries & Allowances TK. 53024096 and any other head not identified TK.12974 i.e Total TK. 235484153). Return shows TDS with Advance Tax TK.1524975830. DCT's order shows total Tax payment including TDS and Advance Tax TK. 1471951734. DCT's Order excluded TDS payment on Staff Salaries & Allowances TK. 53024096. Assessment year 2014-2015 DCT's Order conveyed with disallowance of `Motor Car Running Expenses' Tk. 5.00 Crore and Travelling Expenses Tk. 6.75 Crore whereas CT Appeal's Order conveyed with the above two head Tk. 4.00 Crore and Tk. 6.00 Crore respectively. Under the above circumstances TAT's Order conveyed with upheld CT Appeal's Order on `Motor Car Running Expenses' Tk.4.00 and slight change in Travelling Expenses Tk. 5.50 Crore disallowance. Hence total disallowance reduced by Tk. 2.25 Crore by TAT's Order caused Tax Liability reduced by Tk. (22500000.00 * 42.50%) = TK. 9562500.00 yet to issued modified order from NBR.

C-3: Assessment year 2022-2023 DCT's Order conveyed with disallowance of 30 Expense Accounts whereas CT Appeal's Order confirmed DCT's Order keeping unchanged. TAT Ordered allowing full Expense of 6 heads bearing TK. 61,50,27,417 and partial Expenses of 3 heads bearing TK. 35,86,07,350. Hence total disallowance reduced by Tk. Tk. 97,36,34,767.00 by TAT's Order caused Tax Liability reduced by Tk. (Tk. 97,36,34,767.00 * 37.50%) = TK. 36,51,13,037 yet to issued modified order from NBR.

C-4: Income Year 2025 approved Accounts shows Tax Deducted at Source (TDS) TK.8506148121 and Advance Tax payment TK.200000000 i.e. total TK.8706148121. Return preparation is under process. After preparation and approval from respective authority the same is to be submitted to the NBR.
